

INTRODUCING

# Ositcart

Ositcart is an all-in-one e-commerce and shopping cart software platform that contains an Admin Interface making it easier to update and manage.

Ositcart is not a remotely hosted cart as well as it can be used as add-on to your website or be used as your main website. Ositcart is compatible with Windows and Linux.

## Back Office

The screenshot shows the login interface of the OSITCOM Back Office. At the top left is the OSITCOM logo with the tagline "Optimal solutions for IT and Communication". At the top right is a "Support" link. The main content area features a large blue box with the word "Login" in the center. Below this box are two input fields: "Username:" and "Password:". The footer of the page reads "Admin Interface - OSITCOM Ltd."

The screenshot shows the dashboard of the OSITCOM Back Office. At the top left is the OSITCOM logo with the tagline "Optimal solutions for IT and Communication". At the top right is a "Support" link. The dashboard contains five blue boxes with white text: "News manager", "Top menu manager", "Latest projects", "Our clients", and "Our partners". The footer of the page reads "Admin Interface - OSITCOM Ltd."
